

OPÉRATION ARCHÉO

SCÉNARIO FACILE 3

Réservé au Gentil organisateur

Ne lisez pas ce scénario si vous êtes un joueur !

Ce scénario clé-en-main vous permet de jouer tout de suite et sans connexion internet. L'un des joueurs devient le Gentil Organisateur (GO) ; son rôle est de faire jouer les autres joueurs. Lorsque les joueurs utilisent des outils dans le jeu, le GO leur indique ce qu'ils trouvent dans les cases. Le résultat change selon l'outil utilisé. Les cases qui ne sont pas indiquées dans le scénario ne contiennent aucun vestige.

Place du GO : Le GO se place face au plateau, à côté de la météo et des objectifs.

Sens des jetons : Certains jetons (murs et fossés) ont un sens. Le scénario indique dans quel sens placer les jetons sur le plateau.

Informations à donner aux joueurs

Selon l'outil utilisé par les joueurs, le GO donne des informations différentes.

🛡 Pelle mécanique :

- ✓ Si la case est présente dans le scénario : Jeton gris
- ✓ Si la case est absente du scénario : Jeton marron

🃏 Pioche : Jeton jaune

🔪 Truelle : Jeton jaune + 0 à 3 objets (selon résultat du joueur)

🔧 Spatule : Période

- ✓ N = Néolithique ancien
- ✓ F = Âge du F
- ✓ A = Antiquité
- ✓ M = Moyen-âge central
- ✓ X = XXe siècle
- ✓ En difficulté Extrême, certains vestiges peuvent avoir deux périodes : dans ce cas, le GO donne les deux et le joueur choisit.
